ALL-NEW PEUGEOT PARTNER VOTED INTERNATIONAL VAN OF THE YEAR⁽¹⁾ 2019.

All-new PEUGEOT Partner stands out for its exclusive use of the PEUGEOT i-Cockpit[®], a world first in this vehicle segment, offering a whole new driving experience. Two all-new major innovations caught the panel's attention: the Overload Indicator⁽²⁾ for safe-loading and Surround Rear Vision for a camera view of blind spots.

JUST BORN. ALREADY A WINNER.

All business users will find a version that works most effectively for them, specifically with either the Grip version, which meets the need for ruggedness in all road conditions, or the Asphalt version for drivers who spend many hours behind the wheel. All-new PEUGEOT Partner drives enterprising ambition on to Master the Impossible.

⁽¹⁾ The International Van of the Year award has been in existence since 1992. The panel comprises a selection of 25 European journalists and publishers from independent magazines, specialising in light commercial vehicles (LCV)

⁽²⁾ Available later in 2019

As always, PEUGEOT pursues the French production traditions of quality and innovation. Now more than ever PEUGEOT funnels all of its energy into the conception of vehicles with sharp design, offering a sensual experience which takes you beyond just driving,

heightening all of the senses. Ergonomics, materials, connectivity, we have worked tirelessly on every detail to give you an intuitive driving experience.

TAKE THE HIGH ROAD.

All-new PEUGEOT Partner Grip version is the right van for accessing difficult terrain, carrying long and heavy loads and seating up to 3 people. While strength comes as standard, this version also stands out for its increased ground clearance, 16-inch wheels with Mud & Snow tyres, protective plate beneath the engine and Grip Control⁽¹⁾ with Hill Descent Control.

⁽¹⁾ The new Grip Control[®] function combined with Hill Descent Control offers optimum vehicle control on steep gradients

FOR LONG-DISTANCE DRIVERS.

All-new PEUGEOT Partner Asphalt version fits the bill for drivers who spend long hours behind the wheel, for whom comfort and well-being come first. Surround Rear Vision, standard on the Asphalt version, is an innovative feature that reduces blind spots that are common with light commercial vehicles, particularly those with unglazed rear doors.

PEUGEOT i-COCKPIT®.

PEUGEOT i-COCKPIT® A FIRST FOR A VAN.

More than just a new feature, PEUGEOT i-Cockpit® offers intuitive driving with optimum ergonomic design.

KEEP YOUR EYES ON THE ROAD.

PEUGEOT i-COCKPIT® is based around a compact steering wheel for sharper handling and a raised instrument panel, putting key information in the driver's line of vision, allowing them to keep their eyes on the road. Professional and Asphalt versions also feature an 8" capacitive touchscreen in the centre of the dashboard tilted towards the driver, providing direct access to key functions.

A NEW WAY OF WORKING.

Change the way you work and experience unrivalled comfort in the light commercial vehicle segment by turning your all-new PEUGEOT Partner into an extension of your office. With Multi-Flex seating there's space for 3 people, or fold down the central seat back for a built-in, pivoting writing table. Carry everything you need using the many clever storage spaces in the passenger compartment.

LOADING.

GET ORGANISED: DO IT YOUR WAY.

All-new PEUGEOT Partner offers a generous load capacity and usable load volume, with space for two Europallets.

On Standard versions, it has an optimum usable load length of 1.81m and load volume of 3.30m³, increasing to 3.09m and 3.90m³ on versions fitted with Multi-Flex seating. Load capacity can be extended further with the LONG version. It has a load length of 2.16m and a load volume of 3.80m³, increasing to 3.44m and 4.40m³ on versions fitted with Multi-Flex.

Choose the Loading Pack for enhanced LED lighting of the load area, a 220v power socket and additional load securing rings.

When the vehicle is moving, the regulation load protection cover must be used to prevent the risk of any objects loaded through the long-load hatch from moving towards the driver.

PRAISED FOR ITS VERSATILITY.

All-new PEUGEOT Partner Crew Van⁽¹⁾, based on the Long version of all-new PEUGEOT Partner, can seat up to 5 people. The 1/3 to 2/3 split rear seat is taken from all-new PEUGEOT Rifter to deliver a level of comfort and legroom unrivalled in the segment. Unique in its category, the rear seat can be folded down to provide more load space and the front passenger seat can also be folded to carry long loads of up to 3.44m, with a usable volume of between 1.8m³ and 4m³, depending on the configuration.

GET CONNECTED!

MULTIPLE CONNECTIVITY.

A large 8" colour capacitive touchscreen⁽¹⁾ is positioned within easy reach and is tilted towards the driver. It offers a second USB socket and Bluetooth® handsfree.

The system also includes MirrorScreen®, compatible⁽²⁾ with MirrorLink®, Apple Carplay™ and Android Auto™.

PEUGEOT Connect: connected 3D navigation⁽¹⁾ with voice recognition includes real-time traffic information (TomTom Traffic), as well as displaying information on car parks, service stations and local weather.

All-new Partner also offers Wireless Smartphone charging⁽¹⁾.

PEUGEOT Connect SOS⁽¹⁾ and Assistance raises the alarm in the event of an accident, providing the vehicle's location and contacting the emergency services. PEUGEOT Assistance⁽¹⁾ puts the user in contact with a PEUGEOT Assistance representative who, depending on the information sent (geolocation, vehicle chassis number, mileage and mechanical warnings flagged by the onboard computer), will send out a suitable recovery vehicle.

⁽¹⁾ Available depending on the trim level and cost options chosen.

⁽²⁾ Only the certified Android Auto™, Apple CarPlay™ or MirrorLink® applications will function when the vehicle is at a stop or when driven, depending on the case. When driving, some of the app features will be disabled. Some content that may be free of charge on your smartphone will require a paid subscription to an equivalent certified Android Auto™, Apple CarPlay™ or MirrorLink® application. The MirrorScreen feature can function either via Android Auto™ (for Android smartphones), Apple CarPlay™ (for iOS smartphones) or MirrorLink® technology (for Android smartphones compatible with MirrorLink®), provided you have a mobile and internet plan. More information at peugeot.co.uk/peugeot-mirror-screen/

SURROUND REAR VISION⁽¹⁾ MASTER YOUR ENVIRONMENT.

Gone is the need to choose between protecting vehicle contents - by choosing unglazed rear doors - and increased visibility for the driver!

This innovative system is a valuable driving aid, providing views of the vehicle's surroundings. Drivers benefit from optimum exterior visibility, making driving and manoeuvring much easier.

All-new PEUGEOT Partner is equipped with 2 cameras: one installed in the base of the passenger door mirror, the other at the top of the unglazed rear doors. They offer tri-function visibility:

- A side passenger view, reducing blind spots;
- A rear view, of the middle-distance to the rear of the vehicle;
- A reversing camera image, displaying the vicinity close to the rear of the vehicle to help with manoeuvring.

The images are displayed on a 5" screen located in place of the interior rear-view mirror, providing a peripheral view of the area around the vehicle for improved driver awareness and safety.

⁽¹⁾Standard on Asphalt versions. Available as an option across the rest of the range

PRACTICAL EVERYDAY FEATURES.

A wide range of driver assistance aids make journeys safer and easier: with keyless entry and start⁽¹⁾, simplified starting and parking with Automatic Electronic Parking Brake⁽¹⁾, plus Grip Control[®] with Hill Descent Control⁽¹⁾ for difficult terrain.

A multifunction camera located on the windscreen captures information for the following systems: Adaptive Cruise Control (with Stop Function on EAT8 auto)⁽¹⁾, Active Safety Brake⁽¹⁾, Active Lane Departure Warning System⁽¹⁾, Extended Traffic Sign Recognition and Recommendation System⁽¹⁾, as well as Smart Beam Headlights⁽¹⁾.

BUILT FOR ACTION.

OPTIMUM HANDLING.

All-new PEUGEOT Partner is built on a version of the EMP2 platform shared with the latest car models. This tried-and-tested platform enables shorter overhangs and a tight turning circle for easier manoeuvring (the kerb to kerb turning circle is just 10.82m on the Standard version and 11.43m on the Long version). The payload is one of the best in the segment, ranging from 650kg up to 1,000kg dependent on version.

FUEL EFFICIENT FOR LOWER COSTS.

BlueHDi 75 5-speed manual

Urban consumption: MPG (L/100 km)	57.6 (4.9)
Extra-urban consumption MPG (L/100 km)	68.9 (4.1)
Combined consumption MPG (L/100 km)	64.2 (4.4)
CO ₂ emissions (g/km)	114

BlueHDi 100 5-speed manual

Urban consumption MPG (L/100 km)	57.6 (4.9) / 61.4 (4.6)
Extra-urban consumption MPG (L/100 km)	65.7 (4.3) / 70.6 (4.0)
Combined consumption MPG (L/100 km)	61.4 (4.6) / 67.3 (4.2)
CO ₂ emissions (g/km)	119 to 109

The values indicated for fuel consumption and CO₂ emissions comply with the NEDC homologation cycle (R (EC) No. 715/2007 and R (EC) No. 692/2008 in the versions respectively applicable), allowing a comparison with other vehicles.

A RANGE OF EFFICIENT ENGINES
CONTROLLING COSTS.

The work that has been done on the chassis design and the optimisation of the vehicle's weight are both determining factors in the improved fuel consumption and reduction in emissions of CO₂. In brief, the 1.2 PureTech engine is available in two versions: PureTech 130 S&S with EAT8 8-speed automatic gearbox and PureTech 110 S&S with 6-speed manual gearbox (available during 2019). They meet the latest Euro 6.3 standards. PureTech engines feature Gasoline Particulate Filter to reduce particulate emissions.

GEARED FOR SMOOTHNESS.

Three diesel engines are available: BlueHDi 130 S&S with 6-speed manual gearbox or EAT8* eight-speed automatic transmission, BlueHDi 100 S&S with 5-speed manual gearbox and BlueHDi 75 with 5-speed manual gearbox. All of our diesel engines are fitted with a particulate filter (DPF) and a selective catalytic reduction system (SCR). This technology reduces polluting emissions as soon as the ignition is switched on.

* EAT8: new Efficient Automatic Transmission 8 Speed - available only with the BlueHDi 130 S&S EAT8 engine: Urban consumption MPG (L/100 km): 62.8 (4.5) - Extra-urban consumption MPG (L/100 km): 67.3 (4.2) / 68.9 (4.1) - Combined consumption MPG (L/100 km): 65.7 (4.3) - CO₂ emissions (g/km): 113 Blue HDi 130 S&S 6-speed manual: Urban consumption MPG (L/100 km): 57.6 (4.9) - Extra-urban consumption MPG (L/100 km): 68.9 (4.1) - Combined consumption MPG (L/100 km): 64.2 (4.4) - CO₂ emissions (g/km): 116

(1) Without driver. Kerb weight is calculated for a European base specification vehicle including oil, water, lubricants, tools, spare wheel and 90% full fuel tank. Weights may change with the addition of equipment.

(2) Maximum indicative payload is calculated as the difference between GVW and kerb weight. However, due to manufacturing tolerances and differences in the specification of UK vehicles, the mass in service figure provides a closer indication of the vehicle weight and therefore enables a more realistic payload to be calculated. An individual vehicle must be established to establish the exact kerb weight and payload applicable to that vehicle. It is the responsibility of the driver to ensure the vehicle is operated within the legal limits

(3) Within limits of GVW.

(4) Maximum recommended towing weight within limits of GTW.

PEUGEOT 3 YEARS OF WARRANTY

All vehicles first registered in the UK and purchased from a UK PEUGEOT Dealer benefit from a PEUGEOT 2 - Year unlimited mileage manufacturer's warranty and a free optional additional 1 year of warranty provided by the PEUGEOT Dealer Network in the UK. This additional warranty carries a mileage limit of 100,000 miles from first registration and is dependent upon the manufacturer's recommended servicing being carried out at the specified time or distance intervals. For full terms and conditions, please consult your PEUGEOT Dealer in the UK.

PEUGEOT ASSISTANCE

All new PEUGEOTs come with PEUGEOT Assistance, our breakdown assistance service. Provided by the AA, PEUGEOT Assistance is available every minute of the day and night; 365 days of the year, for you and anyone else driving your PEUGEOT with your permission.

Please note that PEUGEOT Assistance provides assistance in relation to vehicle warranty based faults on your PEUGEOT. It does not provide cover for non-vehicle warranty faults such as:

- the use of incorrect fuel, or lack of fuel
- wheel changes, punctured tyres
- instances where keys have been locked inside the vehicle, lost or stolen.
- road traffic accidents

PEUGEOT Assistance is free for the first year and includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. PEUGEOT Assistance can be extended for a further 12 or 24 months, or to protect you against non-vehicle warranty fault incidents, at specially discounted rates for PEUGEOT owners by calling 0870 752 7050. Call charges to this number from landlines and mobile networks may vary. For more information please contact your phone provider.

PSA FINANCE UK LTD

PSA Finance UK Ltd have a number of financial products designed to help you afford the PEUGEOT of your choice. We can arrange a finance plan quickly and conveniently.
