

FORD KUGA PRICE LIST

Effective from 15th February 2021

SERIES RANGE

Zetec

Standard Features

Exterior:

- 17" Shadow Silver alloy wheels
- Halogen projector headlamps
- LED Day Time Running Lights
- LED rear lights
- Auto headlamps (on/off)
- Privacy glass
- Silver roof rails
- Heated and power mirrors
- Rear spoiler
- Twin exhausts

Interior:

- Quickclear heated windscreen
- Power front & rear windows with global closing
- Premium touch Sensico trimmed steering wheel and gear knob
- Centre console with electronic parking brake
- Manual child proof rear door locks
- Rear charging point
- Ford Power Start button (Keyless start)
- Manual air conditioning
- Front and rear floor mats
- MyKey Gen II @
- Day and night inside mirror

Seating:

- Sports seats with Ebony cloth trim
- 8-way manual driver's seat including lumbar support & height adjust
- 4-way manual passenger seat
- 2nd row sliding seats with 60:40 split

Audio / communication:

- 4.2" TFT coloured instrument cluster
- Ford DAB audio system with 6 speakers
- Ford SYNC 3 with 8" colour touchscreen, App Link, Android Auto and Apple CarPlay
- Navigation
- FordPass Connect (embedded modem)** includes:
 - free live traffic on initial trial period
 - 3 months or 3GB Wi-Fi Hotspot
 - remote features and vehicle information
 - eCall
- Mobile phone wireless charging pad

Driver assistance and safety features:

- Cruise control with adjustable speed Limiter
- Front & rear parking sensors
- Selectable Drive Modes
- Ford Easy Fuel
- Pre-Collision Assist with Autonomous Emergency Braking
- Lane-Keeping Aid with Lane-Departure Warning
- Post Collision Braking
- Electronic Stability Control (ESC) and ABS
- Driver and passenger front air bags, front and rear curtain airbags
- Rear occupancy alert
- Tyre Pressure Monitoring System (TPMS)
- Tyre Inflation Kit

Security

- Thatcham Category 1 alarm
- Engine immobiliser
- Remote, power central, double locking doors
- Locking wheel nuts

From £26,440 Recommended On The Road Price*

* Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.

Images shown for illustrative purposes only. Body colours shown may be optional (at additional cost). See colour options page for more information.

****FordPass Connect features and Live Traffic are complimentary on initial trial period following registration of the vehicle, thereafter a subscription is payable. See fordpass.co.uk for more information. Wi-Fi hotspot includes complimentary wireless data trial that begins at time of activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards a subscription to Vodafone is required (please refer to their website for details of data packages).

SERIES RANGE

Titanium Edition

Additional to Zetec

Exterior:

- 18" machined alloy wheels
- Full LED headlamps
- Front LED fog lamps
- Hands-Free Power Tailgate
- Power heated folding mirrors with puddle lights

Interior:

- Keyless entry
- Ambient lighting
- Auto headlamps with high/low beam
- Auto wipers
- Dual zone automatic temperature control (DEATC)
- Auto-dimming rear view mirror

Seating:

- Partial premium touch Sensico sports seats with ebony cloth inserts
- 10 way power adjustable driver's seat
- 8-way manual passenger seat including lumbar support & height adjust

Audio / communication:

- Full digital 12.3" instrument cluster
- B&O Premium audio system:
 - 10 speakers and subwoofer
 - Digital Signal Processing (DSP) amplifier delivering 575 watts
 - B&O design

Driver assistance and safety features:

- Rear View Camera

From £28,340 Recommended On The Road Price*

Vignale

Additional to Titanium Edition

Exterior:

- 19" Luster Nickel alloy wheels
- Vignale body styling kit
- Front & rear Vignale fascia
- Vignale rear diffuser
- Exterior mirrors with memory function
- Metallic paint

Interior:

- Vignale premium touch Sensico steering wheel
- Heated steering wheel
- Leather wrapped instrument panel
- Vignale front scuff plates
- Vignale front & rear mats

Seating:

- Vignale leather seat trim
- 10 way power adjustable driver's seat with memory
- Heated passenger and driver's seats
- Heated rear seats

PHEV only:

- GEO awareness - providing details of ULEZ zones within the Satellite Navigation

From £32,865 Recommended On The Road Price*

* Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.

Images shown for illustrative purposes only. Body colours shown may be optional (at additional cost). See colour options page for more information.

SERIES RANGE

ST-Line Edition

Additional to Titanium Edition

Exterior:

- 18" Rock Metallic alloy wheels
- Black roof rails
- ST-Line full body styling kit:
 - Unique front and rear fascia and bumper design
 - Rear painted diffuser
 - Front painted skid plate
 - Dark upper grille and dark mesh lower grille
- Large rear spoiler
- Red brake calipers

Interior:

- Dark headliner and pillars
- Flat bottom steering wheel in Sensico with red stitching
- ST-Line gear knob for vehicles with manual transmission
- ST-Line front and rear floor mats
- Alloy pedals

Seating:

- Partial premium touch Sensico sports seats with red stitching

PHEV only:

- Home charge cable with 3-pin plug for use with domestic socket (230V/16A)
- GEO awareness - providing details of ULEZ zones within the Satellite Navigation

From £30,140 Recommended On The Road Price*

ST-Line X Edition

Additional to ST-Line Edition

Exterior:

- 19" machined finished alloy wheels
- Panorama roof

Seating

- Heated passenger and driver's seats
- Heated rear seats
- Heated steering wheel

From £31,565 Recommended On The Road Price*

* Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.

Images shown for illustrative purposes only. Body colours shown may be optional (at additional cost). See colour options page for more information.

** Not available with 2.0 EcoBlue 190PS AWD

⁰ The CO₂ emissions test figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. For further information on CO₂ and fuel performance please refer to our Fuel Consumption and CO₂ section.

† Recommended 'On the road' (OTR) price includes first year road fund licence, DVLA first registration fee £55 and an estimated £25 for number plates.

* Not applicable to retail or private car buyers. BIK values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2020/21 tax year. P11D value is the sum of Recommended price + VAT & Number plate charge (£25)

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £325) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £145).

ELECTRIC TECHNOLOGY

Which electric engines is right for you?

MILD HYBRID (MHEV)

A small electric motor that helps improve efficiency versus a conventional internal combustion engine. Mild Hybrid vehicles have two sources of power that work together – a conventional engine and a battery-driven electric motor. The electric motor does not power the car. It simply assists it.

Kuga mHEV has an auxiliary electric motor and a 48v battery that further improve fuel economy up to 56.5 mpg and lower CO2. They also assist with acceleration transferring back the energy.**

HYBRID (FHEV)

Hybrid vehicles have two sources of power.

They can automatically switch between conventional mode, pure electric mode (for short distances) or use both to power the vehicle as needed.

Kuga FHEV has a battery capacity of 1.1kWh which allows short term electric propulsion, a great combination between power and fuel efficiency, whilst reducing the CO2 footprint compared to a conventional engine.

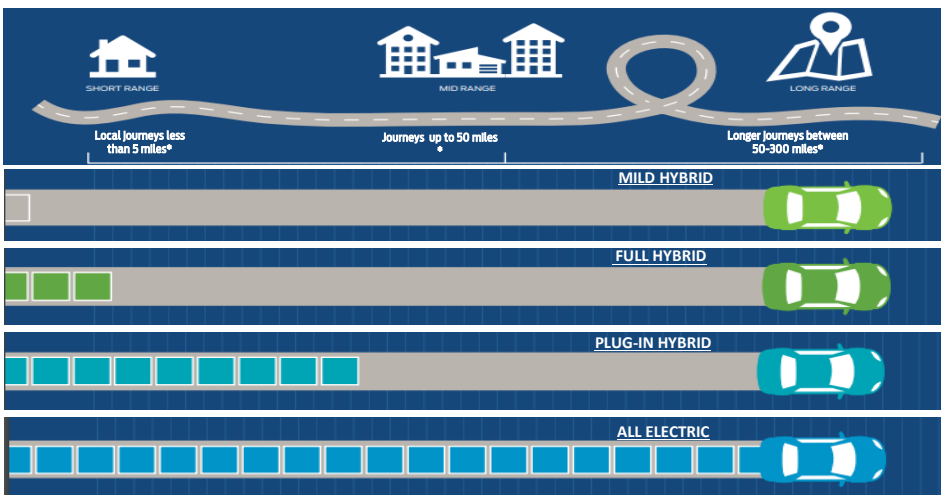

PLUG-IN HYBRID (PHEV)

Plug In. Charge up. Improves Efficiency versus a mild hybrid or hybrid engine.

Plug-in Hybrids have the two sources of power like a hybrid, but with a larger high voltage battery, enabling you to drive longer distances on all-electric power.

Kuga PHEV has a battery size of 14.4 kWh which gives a maximum EV range of 35 miles. This results in a combined average fuel economy up to 201.8 mpg and only 32 g/km CO2.**

Electric range

* Ranges are estimates only and depend on the vehicle, road conditions and driving behaviour.

** Please see the Fuel Consumption and CO2 data available in this Pricelist

Charging the battery

MILD HYBRID AND HYBRID

There's no need to plug in your vehicle for charging. Hybrid vehicles are able to recharge the battery in two ways:

- 1) Regenerative braking
- 2) Conventional engine

The conventional engine powers the generator which transforms mechanical energy into electrical energy to charge the battery.

PLUG-IN HYBRID

The larger battery in Plug-in Hybrids can be plugged-in to charge. Once the battery is depleted, the vehicle behaves like a conventional hybrid with the engine running when required.

All four electric vehicle types use regenerative braking to charge the battery. While braking, the motor is still spinning even though the car is trying to slow down.

Regenerative braking captures this typically wasted energy to create electricity, which charges the battery.

Plug in charging options

Basic Recommended Retail Price £(exc. VAT)	Total Recommended Retail Price £(Incl. VAT)	Main Dealer Wholesale £(exc. VAT)	Retail Dealer Wholesale £(exc. VAT)

230V Wall outlet

Plug-in Hybrids and All-Electric vehicles can be charged on a 230V outlet (16A), which is the standard electrical socket in most UK households. This takes approximately 6 hours to charge the battery.

Wall box

For faster charging at home you can install a compatible wall box, which is capable of charging your vehicle in approximately 3.5 hours.

Available as an accessory

PHEV Home Wall box

Fully installed EV Box 400V (32A) is available as an accessory.

Public charging stations

Public charging stations, available in many cities and work places. The price and charging capability vary.

² Item is non-Ford branded from an approved supplier

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. Fitment of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

ALL-NEW KUGA FUEL CONSUMPTION & CO2

The fuel consumption and CO2 emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO2 emissions (these are also WLTP test figures).

Engine	Fuel Type	Available On	Euro Emissions	Transmission	Drive	Maximum Power PS (KW)	Torque Nm	Combined Fuel Consumption (WLTP)				CO2 Emissions (WLTP)

The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP). The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>. For Plug-In Hybrid (PHEV) models, these figures were obtained using a combination of battery power and fuel. PHEV models require an electricity source for charging.

* Kuga PHEV has a battery size of 14.4kWh which gives a maximum all electric range of 35 miles (WLTP test figure). Range may vary depending upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator. The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2020 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £325) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £150).

FORD PROTECT

Every new Ford car is protected by a 3 year/60,000 mile Ford Warranty. In addition, it will also come with Ford Assistance for 1 year, providing roadside assistance in the UK and throughout Europe.

Ford Protect Classic 4th/5th Year Extended Warranties

If you plan on keeping your car for longer than 3 years or are a high mileage driver you can extend your 3 year/60,000 mile warranty to either 4 years/80,000 miles or 5 years/100,000 miles.

Features:

- Cover against the cost of repair or replacement of defective parts, or to repair a material, assembly or manufacturing defect recognised by Ford
- Protection against unexpected repair bills
- All repairs will be carried out by Ford Authorised Dealers using genuine Ford parts
- Ford Protect Classic extended warranty plans can be purchased any time up until the vehicle's first date of registration

Ford Protect Service Plan

You can also upgrade to a Ford Protect Service Plan giving you the option of scheduled services and extended Ford Assistance.

Features:

- Scheduled Servicing; covers scheduled servicing in accordance with Ford Standard Service Schedules including associated parts and labour, for the number of services applicable to your plan. The Mandatory Annual Inspection, if applicable to your vehicle and replacement brake fluid (every other year)
- Extended Ford Assistance; roadside assistance in the UK and throughout Europe
- Vehicle Hire; for up to 7 days
- The Ford Protect Service Plan can be purchased any time before the first service is due

Ford Protect Service Plan Plus (High Mileage Users Only)

You may choose to upgrade to a Ford Protect Service Plan Plus giving you the benefits of the Service Plan and also includes a Wear and Tear Plan.

Features:

- All items covered within the Service Plan and in addition:
Brake Pads/shoes/discs; Clutch friction plate; Shock absorbers; Silencers; Wiper Blades; Bulbs
- **Exclusions: Tyres; Interior trims; glass, seat covers; pads; frames; springs; headrests, seat belts; sheet metals, water ingress, body seals and aerals. Bodywork and paint check and Air conditioning check.**
- Ford Protect Service Plan Plus can be purchased any time up until the vehicle's first date of registration

Notes and Conditions

- There are no Ford Protect products available at this time for the PHEV and mHEV vehicles.
- The length of your plan (and number of services on Service Plan and Service Plan Plus) applies from your new vehicle warranty commencement date, usually the date of first registration
- Time and mileage limits apply to all Ford Protect Plans
- Please contact your nearest Ford dealer for information on service intervals
- It is a condition of Ford Protect Service Plan and Ford Protect Service Plan Plus that your vehicle is serviced by an Authorised Ford Repairer according to the schedules in your Ford Service Portfolio
- In addition your Ford Service History Log must be kept up-to-date
- Subject to the terms and conditions of the Ford Protect Plans
- These Ford Protect Plans are transferable so it is an added benefit to the new owner if you decide to sell your vehicle
- Ask your Ford Dealer for full details of the Ford Protect Extended Warranty, Service Plan or Service Plan Plus and their associated Terms and Conditions or alternatively call Ford Protect on 03702 416726, Option 2, Option 2, or visit www.ford.co.uk

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within six months, and in any event, as soon as your vehicle is available. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road (OTR) prices and Recommended Retail Prices (RRP), please contact your Ford dealer for final sale prices.

This price list is effective from 15th February 2021 and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at anytime. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
